BASEBALL SERIES

Ward 8 Tigers 5; Norway 2

Before the largest and most enthusiastic crowd gathered this season, the Ward 8 Tigers won the first game in a series over Norway. The contest was pulled off at the fair grounds and excitment ran riot with the Ward 8 sympathizers on the big end of the noise. Both teams were strengthened for the occasion, and with Claude Hunt in the box for the "lower enders," they pulled the battle through with excellent support.

After weeks of useless hair splitting and jockeying for position, the inevitable happened and the two factions came together for a decision. Although late in the season with the Norway team disbanded, the question of superiority can not be settled and the proposed series go merely as exhibition games for good sports. The fans have clamored for a show-down, and this battle is the first jump in the drama which ought to have been staged when the argument could be squared without an alibi from either bunch.

It was short notice but manager Billy White got busy three days before the big event and assembled his outfit. He gathered in for Norway his faithful colts as a neucleus and built up a pretty strong aggregation. On the other hand the Ward 8 Tigers were practically intact, but decided to put a team into the diamond fit to fight anything the Norway town outfit might procure. Therefore four new players not residents of that famous district, appeared in their lineup.

The only rewards to both teams is derived from the box office where the admissions are divided sixty-five percent to the winner and thirty-five to the rear ender at the conclusion of the series. Henry B. Foster is holding the funds and will make the distribution of the funds.

The Game Analyzed

Ward 8 opened the game at the bat and put over one run. Lafrance the first batter up rapped sharply to Young who fumbled. Emery sacrificed and the score counted on Tyler's single into center. Tyler copped the second run for the Tigers in the fourth inning when he singled into left and went around on Shepards wild throw and crossed when Descoteau sacrificed. Boulier was the lucky one in the seventh by gaining first on Haskell's cuffing a bunt around; went second on Lafrance's clip for a fielders choice then second when Emery singled. Two more tallies were hung up in the ninth. Boulier drew a pass; was sacrificed to second by Lafrance. Emery walked but was retired at second when Abe Klain rapped a pippin to Billings. This move scored Boulier. Abe scored from second when Tyler slashed a beauty into right.

Norway failed to get well hooked onto the bait until the seventh inning. The hits were scattered and failed to land at the psychological moment. Benson went in to take Bud Dunham's place in the last of the sixth and this was the only shift in either line up during the contest. Good openings were handed the town representatives in fourth, fifth, and sixth but nothing broke right until the seventh when they hooked onto a piece of fine goods and batted across twin scores. With two men gone Trafton fell into one of his streaks and laced a sky scraper into left, Shepard followed with a two bagger and stretched it to third on a high, wide and lively throw in this scored Trafton. Rowe placed a neat bird into center and Shepard came rollicking over the platter.

The ninth inning rally for Norway was nipped in the bud by a hard freeze. It was a sudden shock and opinions vary concerning the right or wrong side of Empire Austin's decision. As a matter of record Haskell, the first batter up gained the initial sack on a dropped third strike; Trafton flanned. Shepard was given four balls, this filled the first and second bases. Rowe's fly was dropped and Haskell was retired at third and Shepard declared out on second in a double play. A clash resulted from this combination and a protest from manager White may be expected.

One of the most sensational catches ever shown up at the fair grounds was done to a turn by Eddie Trafton in right field. He made a long sprint for a high fly and barely got it in his hands. A circus somersault in the air with a pretty landing, and the ball safely between his paws, was a thriller strong enough to interest a scout for hair raisers. Eddie was given a big reception, the tiger followers leading in the demonstration.

Ford's Flivver-Trolley

Henry Ford seems to have the right idea in the new style trolley car which he is now building. As a mechanic, he has few equals. The trolley people may find in his self-propelled car a way out of their difficulties. Assuredly the trolley as it is today is wrong in principle. The car is too heavy. The power-house costs are tremendous. The expense of overhead and underground transmission lines is great. Mr. Ford wipes out the power-house and the transmission lines, every car is operated as in an automobile—by its own power.

The automobile is almost a perfect machine. The Ford trolley car is a sublimated automobile, operated and run on tracks as are the present trolley cars. It is less than half the weight of the present trolley car and has 60 per cent. the capacity. Therein large economies are effected.

It is a bare possibility that this Ford Flivver-Trolley may be the very thing to solve the transportation problem between Norway and South Paris if no other arrangement is made before these cars are available.

An idea along this line was previously suggested by Rev. C. G. Miller of using the present tracks on which to run an auto with flanged wheels, etc.

At least the Ford Flivver-Trolley is a proposition which can be taken into consideration as a means of solving our transportation problem.

Grand Trunk Change Time

The change of service on the Grand Trunk took place September 28th. Trains which during the summer arrived at Union Station at 7:30 a. m., and leaving Union Station at 7:30 p. m., arrive at and depart from the Grand Trunk station, Portland.

The Grand Trunk service is practically the same as during the summer. Trains for Montreal, Toronto, Chicago and the Pacific Coast leave Portland at 7.45 a. m. and 7.30 p. m. daily; 1.30 p. m. daily except Sunday for Island Pond.

The morning train arriving at Portland and the evening train leaving Portland stop on flag at Yarmouth.

The Grand Trunk is offering the public especially good service in their change of service, it being a great improvement over the service performed in the last few years.

There will be no reduction in the Parlor and Pullman car service.

Mrs. Charles Adams is spending a few weeks with her sister and other relatives in Andover.

Mr. and Mrs. Donald B. Partridge and Mrs. Bertha Sturtevant enjoyed the fine weather Sunday with an automobile trip around the White Mountains.

Harold Bailey has a garage completed adjoining his premises on Beal street.

Mrs. Agnes Morton of South Paris is pianist at Rex Theatre until a permanent musician can be engaged.

The Fall opening at the Brown, Buck Company dry goods store Saturday attracted many. Caroline Schoff and Ruth Akers were the models displaying the latest creations in cloaks and capes. Music was furnished afternoon and evening by an orchestra including Wesley Hammond, violin; Philip Jones, cornet, and Mrs. Ida Briggs at the piano. Extra clerks assisted the regular force during the sale.

Selden C. Foster retired Tuesday evening from the barber's trade after thirty-seven years as knight of the shears and razor. He came to Norway twenty-four years ago and has carried on a shop and pool room until Archie Parrin purchased the business several months ago. Mr. Foster has been an assistant in the shop since the new owner's arrival. Mr. Foster will remain in Norway for the present and be engaged in other lines of work.

Three surveyors are laying out a route for the state highway which will extend from Welchville up lower Main street and Fair street to the Norway town line at the fair grounds corner. It is understood work will commence next spring after the ground settles.

Paul Seavey and Paul Hosmer are assembling a football eleven to represent the town during the coming season. A strong, snappy bunch are being gathered and will include several huskies now playing baseball as Ward 8 Tigers. Practice will begin at once.

Howard L. Drake, Mr. and Mrs. H. W. Brown and Charles Herrick witnessed the Red Sox Athletic baseball game at Portland, Tuesday afternoon.

Ward 8 Tigers cancelled their baseball game at the New Gloucester fair Wednesday. The trip would not have been a financial success.

Fred Gordon of Auburn, general manager of the Oxford Electric Co., was in town Wednesday looking over the property here.

C. A. Frost and Win Sloan have been to North Waterford working for Harry Brown on his kitchen and other work. Hill, the mason, is working for Harry Brown, North Waterford, building chimneys, fireplace and plastering.

Porter C. Seavey

Porter C. Seavey died Sunday afternoon, Sept. 27 at the home of Mrs. Stephen G. McAllister on Water street after a shock experienced about noon, Saturday. His age was about seventy years.

He was stricken on Whitman street and removed to his place on Pearl street. He regained partial consciousness for a brief time and was then taken to Mrs. McAllister's home for care. Gradually falling into a state of coma he remained in this condition until the end.

The deceased was the son of Clement and Susan Cloutman Seavey and a native of Albany. Little is known of his early life. He was employed in the Michigan copper mines and worked at various trades in the western states. Some thirty years ago he came to Norway from Bethel and worked at the carpenter's trade. He built several dwellings in the village for investment and sold out when a profitable trade could be made.

Mr. Seavey's first wife was Josephine Ward and she passed away many years ago. He afterward married Alice F. Page of Waterford and they resided in Norway several years until her death on Sept. 13, 1905. Since then Mr. Porter has lived alone in a small house which he built on his Pearl street lot. Three years ago he spent the winter with his daughter in Florida but could not be induced to remain longer as the Maine climate was more congenial.

He is survived by a son and daughter from the first marriage, Daniel W. Seavey of Michigan and Mrs. Jennie Dawson of Delray, Florida.

Rev. F. A. Sullivan of the Norway Episcopal church conducted the funeral services in Leroy Spiller's undertaking rooms Wednesday at 1 p. m. Burial was in the Steam Mill Cemetery at Bethel.

Mrs. Rachel L. Pride

Mrs. Rachel L. Pride, aged about 81 years, widow of Wilbur W. Pride, passed away at the home of her son, Walter H. Pride, Tuesday morning, Sept. 30. She was stricken with a shock Thursday and failed to rally.

The deceased was born in Norway, Nov. 15, 1838, the daughter of William and Elizabeth (Marston) Hall and the last of a family of nine children.

She married W. W. Pride of Waterford on May 28, 1863 and they resided several years in that town until moving onto the Hall homestead. Two years later Mr. Pride bought the Reuben Noble farm above Norway Lake, where they resided until her husband's death on Oct. 4, 1915. Since that time she has made her home with her son.

Services will be held at the home of Walter H. Pride Friday at 2 p. m., conducted by Rev. Chester G. Miller of South Paris. Burial at Pine Grove Cemetery.

Richmond-Ward

The marriage of Dana L. Richmond of Mexico and Katie Ward took place Sunday evening, Sept. 28 at the home of the officiating clergyman, Rev. Chester G. Miller of South Paris. The single ring service was used. After the ceremony the couple returned to the bride's home in Norway where friends were waiting to offer congratulations. They went to Mexico Monday morning where they will reside on the homestead farm.

The bride is the oldest daughter of Mr. and Mrs. Clement E. Ward of Norway and has always resided here except a year passed in Bethel. She was graduated from Norway High School in 1913 and has been employed at the Mason Manufacturing Co., and the Carroll, Jellerson Shoe Co.

Mr. Richmond is the son of Mr. and Mrs. A. A. Richmond of Mexico and was an assistant to his father on the farm until called to the colors on May 28, 1918. He went overseas with the 76th division, then transferred to a machine gun company in France. During the engagement before St. Mihiel his company was in the thickest of the fighting. He arrived home May 29, 1919 and settled down to a quiet life.

The marriage came as a complete surprise to their friends, as their acquaintance was one of the romances brought about by the war and not known outside the immediate families.

Open season for partridges or ruffled grouse and woodcock opened Wednesday October 1 and continues through November. The eight southern counties of Maine have only a month open season, but Oxford County in common with others, has an extension of time.

C. B. Hamilton, the local etomologist and collector has a communication from Prof. Wm. Feiff, consulting etomologist of Boston positively identifying the Thysania zenobia, a rare moth discovered on a telephone pole in this village. Prof. Feiff believes Massachusetts is the most northern latitude where the species has heretofore been found. The moth is a native of South and Central America and Mexico.

Second Ball Game in Series

Norway and Ward 8 Tigers go after the posies again in the series for the town championship. This second conflict will be played at the fair grounds Saturday at 2.30 p. m. and all things point toward a classy event. The Tigers will put on practically the same line-up as used to clinch the game Saturday. Norway has not announced their plays, but it is a safe bet the Ward 8 must travel on a fast express to win over the combination playing under the town team banner. It means a fight to the finish with every player set for action.

He went forward with the army of occupation and has marched over considerable German territory. Although in many fierce battles and constantly under fire, he escaped without a scratch and only slightly affected by gas.

SOUTH PARIS

Bennett-Black

Mrs. Lelia Black of Norway and Fred S. Bennett of South Paris were married Sunday evening at the home of the officiating clergyman, Rev. Chester G. Miller, who used the single ring service.

Mrs. Bennett is well known in Norway, where she has made her home for many years. She has been employed at the Carroll-Jellerson factory much of the time. Mr. Bennett is a farmer living beyond South Paris village, where they will make their home.

Mildred Maxim, who teaches school in Mechanic Falls, spent the week-end with her people, Mr. and Mrs. Alton Maxim.

A motor for the pipe organ is to be installed at the Congregational church. Several entertainments are planned to defray the expenses. A covered dish social with an entertaining program will be the first in the series.

Mrs. A. W. Pottle returned to her home in Waterville, Monday morning, after visiting in town for two weeks.

Prohibition Meeting

The World Prohibition meeting held at the Baptist church Monday evening was well attended. Prayer was offered by Rev. C. Wellington Rogers of the Congregational church. Albert D. Park, chairman, introduced the speaker of the evening, Hon. H. T. Laughbaum of Oklahoma, who gave a most able, interesting address upon the subject "Make Democracy Safe for the World."

Mr. Laughbaum who is a lawyer by profession, is superintendent of the Oklahoma Anti-Saloon League. In 1913 he was appointed by President Wilson to represent the United States government at the Fourteenth International Congress on Alcoholism which met at Milan, Italy.

While in Europe Mr. Laughbaum visited most of the countries and capitals from a European standpoint, consequently his lecture was forceful and to the point, and he knew what he was talking about.

Ruth Graves sang "The Star Spangled Banner" and "Jesus Lover of My Soul" accompanied by Mrs. Nellie Brickett at the organ. An offering to aid in financing the world prohibition movement was taken.

Rev. G. H. Newton pronounced the benediction.

Dodge-Taylor

Frank Albert Dodge and Phyllis Deane Taylor, both of South Paris were married in Lewiston on Sunday, Sept. 28 at the home of the officiating clergyman, Rev. E. A. Davis, a former pastor of the South Paris Baptist church. The double ring service was used. The bride wore an Oxford traveling suit with blue hat. There were no attendants.

They left soon after for an automobile tour in New Hampshire, Massachusetts, possibly into Rhode Island. After their return they will reside in the house recently purchased of Mrs. Charlotte Rawson on High street.

The bridegroom is the son of Mrs. Ida D. Dodge, and formerly lived in Canton, coming to South Paris about two years ago. He has been rural mail carrier on route 3 since coming to South Paris. The bride is the daughter of Mr. and Mrs. Frank A. Taylor, and was born and has always lived in South Paris. She graduated from Paris High School in the class of 1916, and attended Shaw's Business College. She was employed in Portland, later was bookkeeper in the office of Ripley & Fleteher, South Paris. During the past year she has been with the Paris Trust Co.

Judge For Yourself
Which is Better—Try an Experiment or Profit by a Norway Citizen's Experience.

Something new is an experiment.
Must be proved to be as represented.
The statement of a manufacturer is not convincing proof of merit.
But the endorsement of friends is.
Now supposing you had a bad back,
A lame, weak, or aching one,
Would you experiment on it?
You will read of many so-called cures.
Endorsed by strangers from faraway places.
It is different when the endorsement comes from home.
Easy to prove local testimony.

THE COW BELL DOWN THE LANE

I dressed one morning early,
And feeling blithe and gay,
I wandered to the city
To pass the time away.

A city where the ships come in,
That sail the rippling tide;
A place of sorrow, woe and sin,
Where rich and poor abide.

Where the steady throb of business
Keeps heaving to and fro,
And many a snare awaits you there,
So be careful when you go.

I like the boy whose voice is strong
As he stands with naked feet,
And sells the papers to the throng
That hurries down the street.

I caught the scent of the ocean breeze,
And saw the gulls that soar,
And heard the splash of the waves that dash
And break upon the shore.

I stood where ocean waves reflect,
Tossed by the storm and blast,
And watched the sailors walk the deck
And climb the mizzen mast.

I met a gambler of fame
And swindlers two or three,
The dice box nor the card game
Have no charms for me.

The city has its noise and strife,
And sights that's fair to see.
I rather lead the country life,
It's good enough for me.

I'll hunt the wood-chucks in the wall,
Back here away from harm,
And gather beech-nuts in the fall,
Upon the good old farm.

Or through some quiet, shady nook
I rather rove or ramble,
Or fish along the meadow brook,
Beneath the bush and bramble.

I'll here enjoy the old farm days
Away from care and strife,
I'll just beat out those city Jays,
I'll live the simple life.

The city has its good and bad,
Deny it no one can.
Although I'm called a corn fed lad,
I'll be an honest man.

Through life where'er my footsteps stray,
I'll help the poor and meek.
I'll gather sunshine day by day,
I'll live, I'll sow and reap.

I'll stay here toiling, dreaming,
And I never will complain
If I just hear mother singing
And the cow bell down the lane.

Frederick Marshall Davis.

A CALL TO SERVICE

"The trumpet is sounding,
It's note is resounding
From ocean to ocean in stirring appeal;
Awake to the glory
Of telling Christ's story,
His Spirit is waiting the nation to heal!
The Cause of the Master
Advance ever faster.
Press on to the City that shines from afar.
No matter though badly
Equipped, enter gladly
The ranks of the army that fights Sion's war!
Wait not, Christian brother,
Nor leave to another
The task of enlarging Christ's Kingdom today
Be up and be doing,
For God is renewing
All things—haste to labor, to fight and to pray!
The trumpet is blowing
'Tis time to be going,
The ranks are now filling, the march will begin.
The cause is so glorious
It must prove victorious!
Bear forward the cross. Under Christ we shall win!"

YALE

Made by The Yale & Towne Mfg. Co.

STAMFORD CONNECTICUT

What is Gasoline Economy?

DOES it mean getting 5% more mileage from the gasoline you burn? Or running 2¼ miles on the amount of gas you used to burn in going 2 miles?

That's not what we mean.

We mean *real* economy—something worth while. The kind of economy your pocket-book appreciates.

We mean getting 4 miles out of your gasoline instead of 3.

This kind of economy: 4 miles

5 miles

Or making 5 trips into town and back, instead of 4—and on the same amount of gas,

Like this:

That's worth talking about!

That's the kind of economy you get with an "Autometric" Carburetor, made by The Yale & Towne Manufacturing Company.

The "Autometric" Carburetor will give you:
4 to 20% more mileage from your gasoline at low speed.
10 to 30% more mileage from your gasoline at intermediate speed. (The speed you drive 95% of the time.)
10 to 20% more mileage from your gasoline at high.
10 to 15% more mileage from your gasoline at maximum.

Because the "Autometric" Carburetor provides the correct mixture for *all* speeds for *any* car. No more fuel is burned than is actually necessary at whatever speed you are driving.

And in additon you get more power and greater flexibility of control, *at least* 25% less gear shifting, and engine vibration is reduced to a minimum.

Let us arrange to have your own garage man put an "Autometric" Carburetor on your car on approval. Then you can *prove* its economies over other carburetors.

Board of Trade Organized

At a meeting of about twenty-five men held in the V. I. S. Hall Saturday evening a Board of Trade was formed with the following officers:

Pres.—C. Mortimer Wiske.
1st Vice Pres.—James M. Day.
2nd Vice Pres.—C. E. Cole.
Sec.—Homer E. Crooker.
Treas.—Walter Gordon.

The following were elected to serve together with the officers as directors B. R. Billings, W. M. Ellery, Ned I. Swan and Lesmore Currier. The directors will meet this week and another meeting of the organization will be held next Saturday evening in either the Grange Hall or the Opera House. HARTFORD

Mrs. Adelaide Parsons Gates

Mrs. Adelaide Louise (Parsons) Gates wife of Fred L. Gates of Georgetown, Mass., passed away Tuesday, Sept. 23 at a hospital in Boston, following a critical surgical operation on that day. Mrs. Gates had been in frail health for a number of years. She was born in Hartford, the daughter of Abbie Mitchell Parsons and the late Emery Parsons and was 37 years of age. After acquiring an education Mrs. Gates trained for a nurse, a vocation which she successfully followed for several years. She married Fred L. Gates and for some time they have lived in Haverhill, and Georgetown, Mass., where they were in the undertaking business, Mrs. Gates being a licensed undertaker as well as her husband, holding three licenses in New Hampshire and Massachusetts.

She was an honored member of Ponemah Rebakah Lodge, No. 28 of Canton and a lady beloved by all. Besides her husband she is survived by her mother, Mrs. Abbie M. Parsons, one sister, Mrs. William M. Roberts of Readfield, who was with her during her last illness and two brothers, Harold E. Parsons of Hartford and Dwight Parsons, who is employed in Boston. The remains will be brought to her home in Hartford Friday and the funeral held Saturday at 12 o'clock. PREPARING TO FIGHT INFLUENZA

Dr. Leverett D. Bristol, State commissioner of health has stated that he hoped that the influenza would not return this fall and winter, but he thought that there is a possibility of its appearance, particularly in those sections which escaped it last year.

"The State Department of Health is already taking precautionary measures so as to be able to deal with it promptly and energetically, if it does appear," said Dr. Bristol.

"I have written Surgeon General Blue, head of the United States Public Health Service, to ascertain to what extent the Bureau will assist us, if the occasion demands, because should we have anything like a recurrence of last year's epidemic it will cost a lot of money to handle the situation," continued Dr. Bristol.

The department is taking every possible step to be in readiness for whatever may happen. We are getting a list of volunteer physicians, who will be ready to go outside their own communities, and we want to be able to make them some definite promise as to salary and expenses. Therefore, I have written the United States authorities to see what they will do. Then, knowing just what we can offer, we will have a definite organization, ready to step into the emergency at any time and in any place.

"It will be remembered that one of the most serious handicaps during the epidemic last year was the lack of doctors and trained nurses. We hope to be on the ground floor in the supply of these absolutely essentials in fighting such a foe as the 'Flue' and have enough right where we can call them at a moment's notice.

To secure this army of trained fighters I have written every doctor in the State to the following effect.

"Just a year ago the epidemic of influenza started in Maine, and you know only too well what suffering and sadness it brought to most communities of the State.

"The great difficulty with which we had to contend was the lack of physicians and nurses to treat and care for the sick.

"Although I do not anticipate a repetition of the epidemic this year in so widespread or severe a form the State Department of Health desires to be prepared for an emergency and we are making our plans accordingly.

"We need your help. The practicing physician is the guardian of the outposts of public health. What you do, or neglect to do, in promptly reporting cases of influenza, and other communicable diseases and what you do, or neglect to do in controlling your cases through proper treatment and isolation will largely determine whether or not the disease again gets a death-grip on the citizens of our fair State.

"As a citizen of Maine, and as a member of the noble profession of medicine, I hope that you will consider it your patriotic duty and opportunity to fill out the enclosed questionnaire and return it to me at once, and also to render all the assistance and co-operation possible in preventing the recurrence of influenza in epidemic form."

The guestionnaire referred to asks the following questions:

"Have you at present any cases of influenza? (a) The number; (b) mild or severe; (c) any recent fatal cases.

"Will you promptly report all cases to our local Board or Health?

"Will you volunteer your services for emergency influenza work outside your own community, if needed provided adequate salary and expenses are paid?

"And," concluded Dr. Bristol, "I apprehend that every doctor in Maine will promptly answer 'yes' to each question. With such an organized force we can do much to handle the influenza should it come, in better shape than last year when we were so handicaped. We will continue to hope that it will not come—also that caution against the slightest cold, which makes such an opening for the worse disease, the influenza. You know: An ounce of prevention, etc."

Mother and Children Grateful

In East Boston, Mass., at 23 Lamson Street a contented family of three children and the mother live, daily thanking in silence the kind neighbor who helped them when they were sick. Mrs. Nellie Woodford is the mother and she writes the following letter to Dr. J. F. True & and Co.: "Having heard about your medicine from my neighbors and druggist, I wondered if your Dr. True's Elixir wasn't what I needed. I am a hard-working women, working six hours every day for the Penn Reality Trust Company in Boston. In doing this work I use a lot of strength. Besides this looking after my house and the care of my three children wore me out.

I guess my nerves got out of kilt first. I worried a lot, and seemed to get tired easy. I lost my appetite. I was over taken with dizzy spells, my eyes got blurred, and I soon found I had to stay home from work. I didn't do any housework, but the rest didn't do any good.

I always had one special doctor for myself and children, but he was out of town when I was sick. I took medicine from the druggist which my friends brought in, but nothing did any good. My bowels were out of order. My breath bad, and I was shaky all over. Worst of all the terrible headaches came. It seemed I had suffered years before your Dr. True's Elixir was brought in to me by a neighbor.

After a short time I began to cheer up and be myself again. My bowels were soon in order and I noticed that the dizzy spells had left me. I think your Elixir wonderful. I am working every day now getting stronger and picking up my appetite. I feel full of gratitude toward Dr. True's Elixir.

The children sometimes eat things which don't agree with them, when I am not around to see, and then cramps and constipation follow. I just get out my bottle of Dr. True's Elixir and find no trouble in getting them to take some. It is easy to take. Their bowels are soon all right. It may interest you to know that recently my youngest child was terribly sick and it was a serious case. We all have your Elixir to thank for relieving her of stomach worms. When I gave it to Louise it acted like magic, and fixed her only after two doses."

Signs of worms are: Constipation, hardened fullbelly, swollen upper lip, sour stomach, offensive breath, and occasional pains, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nostrils, and short dry coughs, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever. If your children show any of these symptoms, start giving Dr. True's Elixir, The Family Laxative and Worm Expeller at once. It has done wonders for children and grownups since 1851. AT ALL DEALERS.

HOW THE INDIANS PRODUCED CORN

It may be that the world owes little to the North American Indians for its advancement in civilization, but in the matter of food, at least, the Indian did much to save the people from starvation during the war. When wheat saving became necessary the burden of sustenance fell on corn, and this staple would never have been known but for the Indians.

Corn or maize, was originally a tropical growth, originating in southern Mexico. It was gradually introduced northward, and, by the skill of Indian planters, was evolved from its primitive state as merely a species of cereal grass into its present form. It had to be acclimated to the temperate zones, and even now it is very sensitive to frosts. But this tenderness, too, has been overcome in the land of the Dakotas, for the Hopi and Mandan tribes are cultivating a frost proof species of corn, which helped to tide the market over when the hungry mouths of this and other countries were calling for food.

The secret of raising corn that would live through a frost was imparted to an archaeologist by a squaw named Buffalo Bird Woman, and other prominent members of her tribe They did this to answer the call of patriotism and humanity, and save their white brethren from famine that might come The Mandans raised corn in the north where the efforts of the whites failed for lack of the necessary knowledge. The method of improving the species has been going on for years among the natives and consists in carefully selecting seed from the stalks that have shown less and less susceptibility to cold. The frost proof corn of Dakota is peculiar for its stunted growth, the stalks being very short. Its advantage is obvious as it does away with the danger of total failure of the corn crop from an early frost.

Science in cultivation that ranks with the achievements of a Luther Burbank would hardly be looked for in Indians. But this great fact of frost proof corn speaks of a high quality of human intelligence.

HARKEN BACK ON THE PAST

Twenty-four years ago this Week.

At a town meeting held Saturday to consider the B. F. Spinney Co. proposition of erecting an addition to the shoe factory. A committee was chosen to formulate plans to that end. They were H. D. Smith, J. A. Roberts, C. N. Tubbs, A. F. Jackson, John Wyman, S. S. Stearns, E. F. Smith, J. L. Partridge, M. O. French, H. L. Horne, W. H. Whitcomb, Dr. G. W. Hazelton, S. I. Millett, C. S. Cummings and F. W. Sanborn.

The brick laying on the county buildings is completed and slating on the roof is well under way. Plasterers are getting ready to commence operation.

Forty-fifth annual exhibition of the West Oxford fair at Fryeburg this week.

The new grandstand is a much needed convenience. It cost $1600 and will seat 2000 persons. Was built under the supervision of E. S. Chase and C. W. Pike with Edward McIntire, contractor. M. M. Smart is president of the association with T. L. Eastman, secretary and W. R. Tarbox treasurer. Cold weather but good attendance.

It is reported that the Duke of Marlborough passed through this section Saturday over the Grand Trunk.

Extensive forest fires raging over the Wild River Lumber Co. tract were subdued this week by a heavy rain. Hundreds of men fought in vain to keep the conflagration in check.

News Items Appreciated

The corps of Advertiser correspondents in the different towns of the county do unusually well in sending in news for the Advertiser each week and we appreciate the fact.

It is the local home town items that interest the readers more than long continued stories. It is the town correspondents with the aid of their towns people that make the Advertiser the "home paper" for so many homes near-by and far distant.

Our correspondents are anxious to send in the news items and are desirous of obtaining all the news possible each week. Now, when you learn of an item it would aid the correspondent in your town if you would kindly tell him or her and it would also assist the Advertiser in being the most welcome paper of many a home.

Did you ever stop to think how much pleasure and enjoyment even the most trivial item brings. In the first place the correspondent is delighted to send in a good sized batch of news, the editor is glad to receive the letter, it shows there is a lot doing and that the correspondent is interested and trying to do his or her best; the items are printed and the home people read with interest of the things that they themselves and their neighbors are doing, and just over in the next town near-by, friends read with pleasure of your purchase, sale, visit or entertainment. Far away in some distant city among new friends these same items are eagerly read. The distant acquaintance is kept in touch with old friends, pleasant memories are brought to mind by a single name and the original giver of the item has unconsciously added pleasure to hundreds of people.

We are anxious for all the home town news in old Oxford County, that is one of the branches of the work of the Norway Advertiser. Kindly send items to our correspondents or directly to this office if more convenient. We want all the towns in the county represented for somewhere someone in anxious to read the very item you know about.

THE SPECIAL ELECTION.

The recent vote on the five proposed amendments to the constitution has been reported officially at the session of the Governor and Council. It is interesting to note that the opposition to any of the amendments was strikingly small. The amendments relating to military polled the smallest vote of any, possibly because the people did not understand it quite so well as they did the others. But, at that, it carried about 3 to 2. The amendments on suffrage, the one relating to the State pier project, and that concerning State debt limit all carried in the ratio of about 3 to 1. The vote on the highway bond issue was most gratifying. Not a few believed there would be pretty strong opposition to this amendment in the rural section of the State. As a matter of fact this amendment polled the largest vote of any, 26,228 for, and the smallest vote of any, 5,125 against or in the ratio of 5 to 1. Evidently the citizens of Maine are a unit in appreciating the fact that good roads mean quick prosperity for the whole State.

RUMFORD.

Stearns-Hinds

The marriage of Margaret Hinds, daughter of Mr. and Mrs. Albert Henry Hinds of Portland and Timothy R. Stearns, oldest son of Mr. and Mrs. Aretas E. Stearns occurred at the home of the bride's parents in Portland on Monday at one o'clock. Rev. Dr. James F. Albion, pastor of the Congress Square Universalist church, officiated.

The bridal party included Anna Lothrop as maid of honor, Elinor Palmer and Katherine Stinson of Morristown, Pa. as bridesmaids, William B. Parker of Groveland, Mass., served as best man with Clayton A. Hinds and Norman P. Dana ushers. Little Betty Pennell, daughter of Mr. and Mrs. Charles Pennell and Henry Hinds, the young brother of the bride acted as ribbon bearers. Alan Hinds, another brother, carried the flowers.

The bride was charming in a gown of white satin and rose point lace, with pearl trimming. Orange blossoms held her veil in place and her flowers were orchids and bride roses, with a shower of sweetheart roses. Miss Lothrop was in blue chiffon with chiffon hat and carried ophelia roses. The bridesmaids were in pink chiffon with hats to harmonize. They carried Maryland roses.

Brooks' orchestra played for the bridal procession and for the reception which followed at two o'clock. Pooler catered and the decorations done by Talbot, being of roses, snapdragons and gladioli, with ferns and other greens.

The bride, a graduate of the Waynfleet School, is one of the attractive and best liked of the younger Portland society girls.

Mr. Stearns is one of Rumford's popular young men. After graduating from the Rumford high school in the class of 1914 he entered Bowdoin College, graduating from that institution in 1918. He has since been employed by the Hood Rubber Company of Boston. The young people will take up their residence in Waltham, Mass., upon their return from their bridal journey.

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing oil stimulates the kidneys to normal actions and destroys the poisons that have caused it. Do this today, tomorrow. Go to your druggist and insist on GOLD MEDAL Haarlem Oil Capsules. In two sizes, and you should feel health coming back and will bless the day you got a box of GOLD MEDAL Haarlem Oil Capsules.

After you feel like a new person yourself, continue to take GOLD MEDAL capsules each day as a tonic and first-class conditioner to ward off danger of other kidney troubles.

Ask for the original imported GOLD MEDAL brand. They are guaranteed to give you satisfaction or your money back. Look for the name GOLD MEDAL on every box and accept no substitute. Sold in three sizes by all druggists.

Husking Bee

The season for Husking Bees has arrived again. About 30 neighbors and friends husked corn for Moses J. Chapman on Saturday evening. About 125 bushels were husked. It was fine looking corn, too. Somehow the men seemed to find a good many red ears during the evening. After the work was done the hostess invited all hands to a bountiful feast. After a social hour the guests departed.

Samuel Wescott had a slight shock of the nerves on the left side, mostly in the lower part of the body, on Saturday afternoon while cutting hay at Curtis Chapman's. He was unable to reach the house without help. Mrs. Chapman doctored him the best she knew with simple home remedies and about six o'clock when his daughter, Mrs. Al. The seats and desks are very ancient and shabby and we hope the school board will provide something better soon. There are enough children in this district to keep a school for some years to come and it is too far to carry the scholars to Kezar Falls, especially in cold weather.

Corp. and Mrs. R. Guy Cole arrived at the home of his parents, Mr. and Mrs. Harry D. Cole, Friday night. Mr. Cole enlisted early in September, 1916, while attending the Sherbrooke fair, went directly from there to Montreal and very shortly after sailed with a Canadian regiment for England. He was at the front some months and was twice wounded. On account of disabilities he passed some time in a hospital in England and later was assigned to duty in England in the quartermaster's department. While stationed there he was married. They sailed from England on the 17th, landing in Quebec on the morning of the 26th and arriving in South Paris that afternoon.

Norway and Vicinity

Only a Few Minutes

Only a few minutes each day!

It is only a little to give, but great in possibilities for the future of this town.

In a few minutes each day you can keep the rubbish out of your yard, and the fences in repair, and the shade trees trimmed, and the walks repaired in good condition. And when you return from your daily labors at night you will notice a clean and healthy atmosphere—you will hardly know your own home.

Then a few minutes each day and you will have many new conveniences in the kitchen, and the pantry, and in the basement. And your wife, who makes home attractive for you, will know that you are mindful of her welfare.

A few minutes each day will transform a dirty, slovenly town into a spot of beauty, of sanity, and of sanitation.

It will turn reproach into admiration, and adversity into prosperity.

It will do all of this, and more.

A few minutes each day is such a little thing to give, but the possibilities of its future are so pregnant wth results as to be beyond compute in the infancy of i's consummation.

Lieut. Hanley Returns Home

First Lieutenant William T. Hanley, Company E, 30th Regiment Infantry, has returned and is now spending a vacation with his parents, Mr. and Mrs. Thomas H. Hanley.

Lieut. Hanley was twice wounded in France and was awarded the French Croix de Guerre in July of last year and the American Cross in January. He has not yet made definite arrangements for the future, whether to remain in Berlin or locate at Rumford.

It will be remembered several interesting letters from Lieut. Hanley were printed in the Advertiser during the war.

Imperial Singing Orchestra Coming

The musical dance team which made a hit during County fair week will appear in Norway Opera House Friday evening, October 15.

Eight megaphone melody makers are in the orchestra and they will render a snappy jazz program, featuring the latest Broadway vocal and instrumental hits. No experimenting with this musical team, they produced real goods during their first appearance and have something stronger coming.

A male quartet is accompanied with a four piece orchestra during the dancing. It made a big hit during fair week and a return engagement will prove a greater success. Dancers appreciating the right jingle and pep with every step are holding off until this outfit appears. This lively team will not disappoint.

Following a suggestion from many who do not dance but enjoy a snappy concert, arrangements have been made to open the balcony at a very moderate price. A large concert patronage is assured as lovers of good singing and smooth orchestration will not let this pass unnoticed.

Communication on Education

To the Editor
Norway Advertiser.

Dear Sir:— I have noticed a number of items in recent editions of your paper with reference to the unusually large number attending our public schools and the consequent congestion in quarters or lack of adequate seating capacity. This condition speaks well for the quality of our schools which in turn draw pupils from our own town and from outlying towns. Of the out of town pupils some are doubtless tuition pupils, perhaps paying for all they get and others are friends of residents who take advantage of their relationship to Norway citizens to avail themselves of good instruction.

It would seem very easily possible to add still further to the attractiveness of our schools by adding more courses and so attracting more pupils but to my mind it is a question just how far this matter should be carried. It appears to me that beyond a certain point much of the instruction in the schools would be classed as propaganda and is not only out of place in our public schools but that it is not just fair to ask the taxpayers of a town to pay for any kind of instruction which is not suited to all the pupils in school. I would not deny any pupil any kind of instruction he wanted or his parents wanted him to have but does it seem fair to incorporate such into the public school system and ask the taxpayers to pay for it? It is not possible to beg the question by saying that the State pays a large part for we are the State. A good deal of proselyting is done under this head and gets by.

I have been entertaining these views for some time but am just now led to call your attention to them because I find I am not alone in my attitude as witness to the following clipping from the Cedar Rapids, Iowa "Times Reporter."

"Some day we will learn that even our school system can be made the center of too many propagandas. There are enthusiasts of all kinds who have been dreaming of making the schoolhouses of the country over into their pet promoters of all their schemes and ideas. One wants this and the other wants that. Medical men, socialists, moralists of all kinds, are invading the schools of the people. They are all like the little foxes that destroy the tender vines.

"Some day we will have an awakening of the old-time common sense and then we will rededicate the schools to the purposes for which they were established. The primary purposes of the school are to make children able to provide for themselves in the way of reading and thinking. It is not to make them think as this or that fellow wants them to think.

"Reading and writing and arithmetic, with wholesome morals and fervid American patriotism, these are the fundamentals of common school system. And what we add more ought to be carefully guarded, or we shall turn out a lopsided generation."

"Propaganda is the means the "other fellow" uses to make us think as he does, whether it be a textbook of history, physiology or botany, a ferule, birch switch, clenched fist, seventy-five or a dungeon. Do not we need in our school more Bible and less propaganda?

To read, write, figure and think correctly are certainly essentials and last through many generations but any instruction which is good for only one or part of a generation to use seems questionable perhaps unjust to ask the taxpayers to settle for.

Sincerely yours,
Atax P. Ayer.

Alfred G. Monk is recovering from a relapse caused by attending the grange fair at West Bethel. He has been convalescing from a surgical operation and the trip proved more strenuous than he anticipated.

Lyman S. Herrick who lives on the well known Edgar Morgan farm now called "Mountain View Farm" on Patch Mountain in Greenwood, was in town Saturday with a good collection of products raised this summer. He had six potatoes from one hill, the total weight being four pounds and twelve ounces. From six rows twenty rods long he dug 75 bushels. Apparently the soil is just right for red and yellow field corn. Twin red ears on one stalk weighed 15 ounces and a stalk showing three perfect ears of the yellow variety was a fair sample from his half acre. Mr. Herrick believes the farmers should raise this "flint" variety and save grain bills. His aunt, Mrs. Viola Herrick, is busy with the duties about the farm house, yet finds time to make and market twenty-five pounds of butter each week from four cows.

H. E. Gibson and family and their company, Mr. and Mrs. Guy P. Gibson of California enjoyed a fine auto trip through Pinkham Notch last of the week. The day was perfect and a fine trip enjoyed.

William W. Gallagher spent the week-end with friends in Portland.

W. F. Tubbs has issued a new twenty-four page catalogue for his snow-shoes and skis. The catalogue is a fine one, showing the different sizes and the different models. Several of the skis are in color. The cover is in dark green and is a picture of a number of children starting to cross the lake on snow-shoes and makes a very appropriate cover.

Ed Dyer is painting the New England Telephone poles in the village.

Frederick M. Davis played violin with McDaniels' orchestra for a dance at Locke's Mills Saturday night. He has another engagement there in two weeks, and plans to accept a winter date with the team.

Mr. and Mrs. Norris Tibbetts and Mrs. Nettie O'Brien of Auburn were guests Sunday of Mrs. George P. Locke. Irene Locke and Mildred Curtis returned to Auburn with them for a few days' visit.

Freeland Howe gave a practical demonstration recently on the life cycle of our common house fly. While cleaning up a building in the center of the village, larvae and pupa was discovered in abundance, living contentedly in filth and corruption. After listening to his descriptive lecture and viewing the sample lot, a determination to "swat the fly" and clean house was everywhere evident.

Hunting season opened Wednesday morning with automobile parties racing in every direction. Many carried full camp equipment for a long stay, others had only the weapons necessary for a one day stand at no great distance from town.

Charles Crockett, who has been very sick with nervous trouble since the last of July, was on the street Thursday. This was his first trip from the house since the beginning of his trouble.

Weston, wholesale grocer in Portland, held previous to his service with the U. S. Marines. He served overseas in Co. K, 13th Regiment and received his discharge several weeks ago. Mr. Mixer is the last of four brothers in the war to return safely from France.

Mr. and Mrs. Eugene Andrews, Cottage street, motored to Boston, Monday for a few days' stay.

Mrs. Mary Churchill is assisting Mrs. Howard Kimball with the housework this fall and winter.

Eddie Perkins has returned from a vacation trip to Lewiston and Readfield.

Mr. and Mrs. Donald Fisher of Portland are visiting Mr. and Mrs. Walter Luck and Edward A. Luck. Mr. Fisher was sergeant in the Coast Artillery detachment and after completing the course of electrical instruction, was detailed to install search lights along the Atlantic coast. He is taking a vacation from the power station on School street, Portland, and touring the mountains by auto.

Among those who attended Fryeburg fair Wednesday were B. B. Bicknell, Ed. Thomas, F. H. Beck, Ronell Bicknell, Mrs. B. G. McIntire and son Glen, Mrs. Elizabeth Sampson, Mr. and Mrs. John A. Woodman and Mr. and Mrs. Albion L. Buck.

Mrs. Clifford Frost went to the Maine General Hospital Tuesday for an operation for appendicitis.

Roland Kimball was at home from Freeport for Sunday. A friend, Mr. Cushing, accompanied him for the day.

Mr. and Mrs. P. W. Stevens of Portland were in town Friday afternoon en route for the mountains. Their daughter, Dr. M. E. Stevens, who had been here practicing, accompanied them. They went by way of Gorham, returning to Portland, Sunday.

Thirty-two members from Lake Temple Pythian Sisters attended the District Convention at Oxford Tuesday evening. The degree staff including the Most Excellent Chief and Manager exemplified the work. One of the best gatherings of the season was enjoyed by representatives of eight lodges.

A room is being partitioned off at the Norway Auto Co. garage for a work room during the winter months.

Hon. H. T. Laughbaum was the speaker at the National World Prohibition rally at the Congregational church Tuesday evening. His subject "Make Democracy Safe for the World" presented a fund of information from authentic sources. The quality of the lecture warranted a larger attendance but those present were given facts which exposed every move by the liquor interests to exploit their business. The Congregational Sunday school received the flag in the voting contest.

Herbert A. Rich jr. has received his discharge from the service and arrived home Saturday night. He went to Camp Devens on May 28, 1918 and was sent overseas with the First Division Infantry Co. B. Johnny, the Sanborn horse at Round Pond, has been ailing for some time and recently became so lame that he had to be laid away the first of the week.

FRYEBURG FAIR

The 69th annual exhibit of the West Oxford Fair society opened Tuesday under very favorable skies and the best weather yet dispensed to any fair. There are many shows in the midway and traveling fakirs of all sorts. The exhibits of stock are especially good. Hereford outnumbers other varieties. Thoroughbred herds are shown by W. W. Warren, W. H. Farrington, K. A. Lord, E. C. Buzzell and son, J. W. Hall, Fryeburg; C. Chandler & Son, North Chatham, N. H.; H. S. Kimball of Lovell shows a pair of 2-year-old Hereford steers that weigh 2915 pounds. H. D. Harnder, Fryeburg, has a fine herd of shorthorns.

In the hall exhibits there are displays from Pequawket Grange, North Conway, N. H.; Fryeburg Grange and East Fryeburg Grange. The latter organization is only recently formed, and is a splendid society. The oldest member is John P. Pike, 87 years; in the articles shown is a warrant certifying that John Pike had been appointed Justice of Peace of Wm. King, first governor of Maine in 1820.

Mrs. G. H. Walker contributes the original deed granting the town of Fryeburg to the original proprietors. All of the granges show extensive collections of fruits and vegetables with a large variety of canned products.

The canning clubs, under state direction, have a fine group of many temptingly arranged berries, fruits and garden delicacies.

There are also many exhibits made by individuals of the orchards and farms of Saco Valley.

Two lively races were pulled off in connecion with the Fryeburg fair Tuesday. There was a big crowd present. Summary:

George H. Dunham

George H. Dunham died early Thursday morning at the home of his sister, Mrs. Martha Dunham, of Bright's disease which has been troubling him for the past eight years.

He was the son of James and Sally Houghton Dunham and was born at North Paris April 27, 1851. His first wife died many years ago. A son from that marriage lives in California. His second wife was Elsie Messer of Waterville who died about three years ago in Saco where they lived at the time. After her death he came here to live with his sister. He was a member of the I. O. O. F. who attended the funeral in a body. The funeral was held in the Baptist church Saturday at 2 p. m., attended by Rev. H. A. Markley, assisted by Rev. H. H. Hathaway. Big Grange Fair

The Grange Fair, Friday, was a grand success. The day was fair and perfect and everybody was happy. There was something doing all the time so that the interest never lagged all through the day. About 9 o'clock the crowd began to gather and all with one accord went first to see the exhibit in the lower hall.

Surprise and pleasure was upon their faces when they beheld the grand display equal to that of a much larger place. The hall was decorated with a border of red, white and blue bunting, the posts also were wound with the same, with festoons of red, white and blue crepe over the ceiling between. The first that greeted the eye was the food case tastily arranged with tempting, appetizing food of wide variety, close beside at the right was a goodly sight of dairy butters, home-made cheeses and eggs. At the left of the food case was a gun case of Emerson Curtis', manufactured by him, and his kit of fowling pieces, rifle, shot gun, etc., On top of the food case were beautiful bouquets of flowers, and potted plants, a large palm and rubber plant owned by Mrs. Columbia Dunham. Back of the food case and continuing through the center of the hall were double tables covered with delicious fruit, apples, pears, grapes, etc., displays of R. L. Cummings, F. L. Wyman, A. D. Littlehale and others.

At the extreme end of these tables was a show case of antique dishes and a lot of other interesting antiquated articles and utensils which were very interesting.

At the right of the entrance door was seen a big collection of birds' nests, moths and butterflies, the exhibit of twelve-year-old Stanley Perham, which was the best nature collection seen, there being 400 butterflies and moths and 40 different kinds of birds with their eggs and nests. A prize of a nice bird book was given to him. On the same side with him was a rare collection of moths and butterflies, of 320, shown by Emily Tuell. She received apremium of $1.00. On the left of the entrance door was a very interesting collection of insect pests from the Maine Department of Agriculture sent by State Secretary of Horticulture, Frank Dudley, with his representative who displayed and explained them.

On the wall beyond these were three large collections of mounted specimens of herbs, farmers' friends, and farmers' pests, which were collected and mounted by Beatrice Andrews. Following these up the left side of the hall were first the collection of war souvenirs belonging to Dr. F. E. Wheeler, which he brought home with him from his recent overseas service. Next was a long table of fancy goods display, also hung on the wall was a most beautiful display of fancy hand work. Next came the canned goods display reaching across, around and under the middle window, surmounting these on either side were two exquisitely artistic representations of a speckled trout and salmon made entirely of birch bark and mounted on an oval of birch bark covered board in the form of wall pictures and the property of Mrs. L. C. Bates, the work of her son's wife. Next beyond this and last to the back of the hall was a long table filled with all sorts of knit goods. All around the walls and hanging from the beams were the most beautiful collection of quilts and spreads and rugs. On the right side of the hall were the vegetable displays.

The largest collection and variety belonged to George Emmons. Adney Tuell, A. D. Grover, Stetson Tuell, Morris Ellingwood, Mrs. F. S. Farnum and Lorenzo Littlehale had fine collections of vegetables. Morris Ellingwood had the largest squash weighing 80 lbs., John Brock had next largest and was marked P. of H., West Paris, Me., on the skin while growing. Others had large squashes. George Emmons had the largest pumpkin called Big Tom, which must have weighed 60 lbs. or more. Across the rear of the hall was a table of fancy work and aprons for sale, also a table of vegetables and canned goods. Mrs. Mary Lang, an elderly woman, gave a dozen cans of raspberries and strawberries which she had picked and put up for the purpose.

Ribbons and cards were given for premiums instead of money. No fakirs were allowed about the town. The only self-interested persons who exhibited were Mrs. Gibbs of North Paris with her delightfully interesting display of stuffed animal toys for which she was taking orders, and the other was a man from out of town with a variety of brushes for sale.

Outside the hall at the entrance was a large booth where "hot dogs," ice cream, cool drinks and candy was sold.

At 11 o'clock in the hall upstairs the Better Babies show began and 40 children were registered. The 28 under 2 years of age were given careful examination by Dr. Wheeler, assisted by Miss. Quinn and Mrs. Wheeler. Out of these, 20 were found to be of normal weight, height and development.

Miss Katherine L. Quinn, R. N., is a graduate of St. Vincent's Hospital, New York City. She has been connected with the New York Lying-in Hospital and the District Nursing Association of Boston, Mass. She is now in charge of the Portland Baby Hygiene and Child Welfare Association.

She gave an interesting talk to the mothers and people present. She said the babies were paler than the Portland babies and advised them accordingly. The plan now is to have her visit here again in January in the interest of better babies.

At the same time, the men were interested in Railroad Square in the horse pulling that was going on there. Dinner was served in Centennial Hall which consisted of beans baked in the ground by O. D. Ellingwood and everyone pronounced them excellent. He certainly knows how to bake beans. White and brown bread, pickles, doughnuts, cookies and pies made out the dinner menu. Supper also was served here and consisted of vegetable hash, salads, cakes, etc. The sports and ball game were held on the athletic field. The sports were potato and sack races, etc., and tug of war between four granges: Norway, South Paris, West Sumner, and Bryant's Pond, all of which caused a lot of merriment. The ball game between West Paris and Buckfield was won by Buckfield 12 to 5. During the afternoon there were moving pictures and dancing in the hall.

Shaw's orchestra attended in the evening.

EAST WATERFORD

E. G. Emerson of Harrison has been in town the past week, helping to remove the water wheel which he has purchased from the Rolfe mill.

Roland Mixer of Norway, who has recently returned from overseas, is visiting his uncles, C. H. and D. L. Pride, also his aunt, Mrs. G. L. Hilton.

The last load of corn came to the factory Monday, Sept. 29. We are told that nearly 600,000 cans have been packed. The severe drouth in July and August did much damage to the crops as much of the corn did not fill out.

Lewis Merrill of Harrison is in town, called here by the sudden illness and death of his father, Charles Merrill. Mr. Merrill has lived alone for many years in a small house across the road from the corn shop and although in feeble health suffering from a severe heart trouble, has attended his duties as State patrolman between East and North Waterford until last Friday when he started to his work, but feeling ill returned to his home. Monday morning, not feeling as well, he walked across to the corn shop for Mr. Tucker to call the doctor. Soon after he had returned home, cries for help were heard by little Dorothy Tucker, who hastily called her father and some of the workmen who went to his aid, finding him on the ground where he had fallen in trying to water his faithful horse. Kind friends carried him into the house where all was done that could be, but he rallied only for a short time, passing away about 2 p. m.

G. M. Stevens, George Powers and Herbert L. Walker have been helping C. H. and D. L. Pride with their ensilage.

Cider apples are wanted by Mrs. G. H. Porter, who is soon to load apples. See ad.

In calm weather a carrier pigeon can fly at the rate of 1,200 yards a minute. With the help of a moderate wind it will attain a speed of 1,540 yards, and before a high wind 2,000 yards.

An Internal Treatment For Piles (Hemorrhoids)

Gives absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where, by its soothing, healing antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments and really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

Grover; steward, Uldene Bennett at the opening, later steward, Percy Upton; gate keeper, Susie Bradbury; pomona, Mrs. Alice Marston; flora, Mrs. Lucelia Merriam. Meeting opened in form, followed by a large amount of business which was disposed of.

At the next meeting, Oct. 11, there will be an all day session, the third and fourth degrees will be conferred in the forenoon, candidates to present themselves at 11 o'clock a. m. at this time a dinner will be served to the Boys' Corn Club members and Girls' Canning Club members of this division of the county. It will also combine as a Harvest feast and anniversary dinner as well, as Norway Grange has a birthday Oct. 24. The club members will furnish the entertainment. An interesting, instructive session is assured. The dinner cimmittee includes the letters E, F, G. H. I, J, K, L, M, with Cora Flood, chairman.

The general committee for the Norway Grange fair and sale was appointed as follows, Mrs. Ned Packard, chairman; Mrs. Harriet Brown, Mrs. Geo. Richardson, Mrs. Kate Delano, Mrs. Flora Newcomb and Mrs. Virgie Murdock. They to appoint sub-committees and decide on the date at which the fair will be held.

There will be a sale afternoon and evening and a chicken pie supper served at the usual hour. Pleasing programs will be given both afternoon and evening. The Crockett Ridge members are to make a quilt, squares to be fourteen by fourteen inches crazy work with a red center, these to be handed to Sisters Eva Richardson, Eva Jackson and Emma Dunham. Sister Louise Gammon proposed that Pike's Hill and Norway Lake members also make a quilt of same design and invited the sisters to meet at her home to finish it at which time she will serve a dinner to all sisters assembled (brothers not invited). Her proposition was immediately acceeded to with applause.

Worthy master Abbott directed Louise Gammon to purchase additional numbers of Grange Melodies for use in Grange work and song service. Communications from the Maine Branch of Little Wanderers' Home at Waterville, also Maine Branch of Fatherless Children of France were read by the secretary. At this time the work of conferring degrees was taken up and two candidates received instructions in the first and second degrees. The work was earnestly and pleasingly performed, no program was presented. Minutes read, meeting closed in form. Sister Lizzie Morse past master of Waterford Grange, was a welcome visitor. Worthy master Abbott is zealous in his efforts to remind the members that the fair means lots of garden truck and other attractions. We would like to say that one brother in his enthusiasm talked,—five bushels of potatoes—upon which the sisters became so effusive that he precipitately fled; but if the "frost" doesn't hinder, they are looking for the "taters."

SEEK PERFECTION

Aim at perfection in everything, though in most things it is unattainable; however, they who aim at it and persevere will come much nearer to it than those whose laziness and despondency make them give it up as unattainable.—Chesterfield.

Grange Repairs

The last regular meeting of the grange was a very enthusiastic one. A good attendance, all officers present except gate keeper. On the question of repairs on the hall it was voted to sheath with southern pine 18 inches above the chair railings, paint the walls and put on a steel ceiling. Seventy-eight dollars was immediately pledged amid great cheering.

A fine lunch of coffee, cake and sandwiches was served. Mr. Berry, the lecturer, had a fine program as usual, prepared, which was greatly enjoyed. As showing his wonderfully retentive memory, J. J. Pike, our oldest member, nearly 87 years of age, recited a selection of eight verses that he recited in school 68 years ago. He said he had never seen the print or heard a word of it spoken since. ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Farming Pays

Who will say farming doesn't pay? William Fisk dug over one hundred bushels of splendid large and smooth tubers from one-fourth acre of ground and thirty-five bushels from another small piece making one hundred and thirty-five bushels of potatoes. He has received $335 from his sweet corn raised on one acre and a half of ground.

Dade McKeen has hauled the largest load of corn to the East Waterford corn shop so far, being 145 bushels of corn for one pair of horses, and for one load he received $114.95. Who comes next?

Charles Merrill

We were shocked and saddened to learn of the sudden death of our old and esteemed friend, Charles Merrill, who passed away Monday afternoon at his home in East Waterford. Some of the school children found him in a stupor by his door. Rumor had it at first he had been kicked by a horse. It was later denied. He had four children, Mrs. Paul Howe, Mrs. Fred Knightly, Mrs. Adna Hobbs and Louis Merrill, who survive him. His wife died many years ago. He was one of the hardest working men in town.

Walter Lord and wife, E. Brown and wife and Mrs. E. K. Shedd attended the auction at W. A. Benson's at Norway Center. Mr. Brown bought one of the Holstein cows at auction. There was a very large attendance and all goods and stock went high. It pays to have such an auctioneer as Mr. Park is. Not afraid of work or words.

Leon Lovejoy, Richard Perkins, Myron Lord and two other boys from this way are boarding with Mrs. Lena Marr during the school term at Norway.

Mrs. E. K. Shedd has sold her stand in North Bridgton to her sister, Mrs. George S. Marr of that place.

M. M. Sawin is butchering a part of the time for Walter Lord, who dresses a number of beef cattle a week.

C. B. McKeen attended the auction Monday at Norway.

Mr. and Mrs. Oniel Mills went to North Newry with Mrs. Mills' father, Roy Lord Sunday.

Velma Hobson who has been visiting relatives in Naples and vicinity, has returned and is going to school.

Edgar Shedd helped Guy Morse and S. Lebroke with their haying on their meadow, Monday.

Flint Bros. helped E. K. Shedd get in the last of his oats Saturday.

Jennie Brown went to North Bridgton to see her aunt and spend the day, Friday.

EAST WATERFORD

McIntire's Corn

L. E. McIntire & Son of East Waterford have finished hauling sweet corn to the factory at Waterford to the McWain Packing Company. From 9 1-2 acres of land they realized $2,248. "My crop would have been larger," says Mr. McIntire, "had the drought not affected it somewhat. What really saved the crop and made it do as well as it did, was the application of nitrate given it after haying. Nearly a ton was applied, the men distributing it between the rows of corn by hand, which seemed to be the only way to do, owing to the height of the corn. This nourished the crop and was a paying investment," said Mr. McIntire, who is one of Oxford county's best corn growers.

WILSON'S MILLS

Mr. Ordway the man who has charge of the farming operations of the Parmacheenee Club at Camp Caribou was in town, Sunday.

4 Points
Economy
Point TEN. FORWARD Concerning Prices for Fall. On the threshold of the Fall Campaign thoughts begin to turn to the much talked of High Prices on clothing, because this is generally the time that most everybody thinks of buying their Winter clothing. We therefore think that it is nothing more than right that we say a word or two on the matter of prices.
IS TRUE
that Clothing will be much higher in price this Fall. Besides the high prices on all kinds of material. Labor alone has advanced 40 per cent. during the Summer; but you don't want to let that worry you, for we have much clothing on hand that we bought before the present high prices and therefore we will not make any advance in prices except on furnishings recently purchased, even then the advance will be so small that you will hardly know it.

The Old Tobacco Box

There was an old Geezer and he
had a wooden leg.
No tobacco could he borrow; no
tobacco could he beg.
There was another old Geezer who
took care of his rocks,
He always had tobacco in his old
tobacco box.

Said Geezer number one: "Won't
you give me a smoke?"
Said the other old Geezer: "You've
no cause to be broke.
"If you'd buy a few Thrift Stamps
and save up your dough,
"Your store of tobacco wouldn't
always run low."

Now this same old Geezer with the
same old wooden limb.
Is saving up in Thrift Stamps and
you can't stump him.
He's learned to be thrifty and
cares for his rocks
And has plenty of tobacco in his
old tobacco box.

All that you can spare, all that you can give, should be exchanged for Thrift Stamps.

THRIFT FABLES

The Noisy Frog.

Once upon a time there was a Conceited Frog who was greatly in love with his own voice. He rivaled the Tom Cats in making the nights hideous and thought he was some pumpkins. But while he was busy croaking, the pool dried up, and he had no place to go.

Moral—Making a loud noise over what you have done won't get you anywhere. Keep on buying War Savings Stamps.

Turn all trash into Thrift Stamps.

TO BE A FAILURE:

Believe that everything is right that you are not caught at.

Be careless of responsibilities—let George do it.

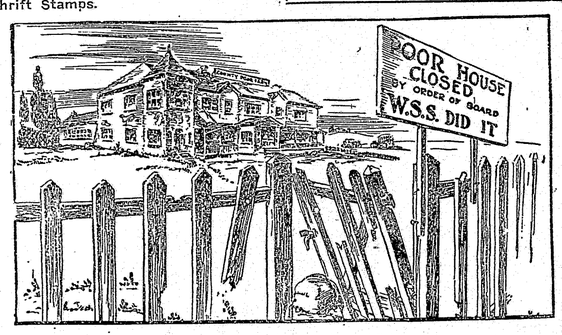
Fly into a passion on slight pretext—lose your self-control.

Always think of GET, never about GIVE.

Look gloomy; never see good in other people.

Regard every man who differs from you as a knocker.

Never indulge in self-analysis.



Despite H. C. L. Few N. E. People Seek Alms Houses

The poorhouse business is growing poorer. With thousands of people clamoring about the high cost of living, the fact comes to light that the total number of persons admitted to the charitable institutions of New England during the last six months is less than it has been for that same period in many years.

Less Poor In U. S.

Reports from the other districts throughout the country show that the poor-houses in all the states are feeling the same falling off in business.

Scarcity of labor, high prices paid to skilled and unskilled workmen, prohibition, and the cultivation of unprecedented habits of thriftiness among the American people, are said to be responsible for the principal decrease in the number of inmates registered in the various poor-houses and other charitable institutions throughout the country.

Thousands of people in New England have invested their savings in Thrift Stamps, War Savings Stamps, Treasury Saving Certificates and other Government securities, which in a large measure accounts for the financial independence of the people, as shown by the decreasing number of admissions to the country's poor-houses.

Hundreds Practice Thrift.

Mrs. F. L. Higginson, director of savings for the First Federal Reserve District, states that there is a greater number of people in New England practicing thrift now than before the war. However, she states that there is still a large number of people in these states, who as yet have not learned the benefits to be derived from Thrift and the proper investment of their savings in safe securities, rather than in untried investments.

COMMON CENTS JINGLES.

Jingle Coin! Jingle Coin!
Jingle all the day.
You shan't be spent
For I am bent
To save the Thrift Stamp way.

Sing a song of War savings
Buy Thrift Stamps every day.
A dollar saved a dollar earned,
Buy often! It will pay.

We do printing at the advertiser office and are anxious to do some for you. Send us the job and we will do it well.

ADD "T" TO THE PROVERBIAL "R's"

A "T" has been added to the three proverbial "R's," made famous by the little old red schoolhouse on the hill. It stands for "Thrift." The National Educational Association, representing the great bulk of the school teachers and officials of this country, have adopted thrift as a basic principle in American education, and the teachers have urged that thrift and savings be made compulsory in every school curriculum.

In resolutions adopted at their session in Milwaukee, the members of the National Educational Association state that they are hearily in accord with the present Government Savings movement, and that all teachers throughout the country will co-operate in all ways possible in stimulating the sale of Thrift and War Savings Stamps. The teachers have also volunteered to do all in their power to propagate the ideas of thrift.

WARNS PUBLIC AGAINST WAR STAMP "SHARKS"

Warning against "loan sharks," who are "circulating false reports that the Treasury Department had abandoned its thrift campaign," has been issued by Mrs. F. L. Higginson, director of savings for the First Federal Reserve District, yesterday.

"Unscrupulous interests to promote the sale of their own securities are sending broadcast in New England information which states that the department has abandoned the campaign," she said.

"The Treasury Department has no intention of discontinuing the thrift campaign in this country. Recently Secretary Glass said the sale of these Government securities would go on indefinitely.

"Today the Government realizes that if the high cost of living is to be reduced the people must be taught thrift."

Go through your home room by room, not forgetting the cellar and attic, and see if you are disposing conscientiously of all waste.

KEZAR FALLS

Mrs. Laura Fox

Mrs. Laura Fox was called to the higher life on the evening of Sept. 23d, services being held in the M. E. Church on the afternoon of Sept. 26th. Rev. Mr. Kewley spoke with much eloquence and feeling from the words peculiarly applicable to the occasion, "Blessed in the sight of the Lord is the death of His Saints." The choir sang three selections, "Someone Shall Enter the Pearly Gate," "Looking This Way," and "Shall We Gather at the River?" The flowers were beautiful and in profusion. Mrs. Fox was a dearly loved woman not only in her own family, but in the community at large, for her wise counsel and kindly ministration were shared in a measure by all with whom she came in contact, of such as her the poet wrote:

"She hath seen her happy day,
She hath had her bud and blossom,
Now she pales and shrinks away,
Earth, into thy gentle bosom!
She hath done her bidding here,
Angels dear,
Bear her perfect soul above,
Seraph of the skies,—Sweet love.
Good she was and fair in youth,
And her mind was seen to soar,
And her heart was wed to truth;
Take her, then, forevermore,
Forevermore."

WEST BETHEL

Girls' Prizes at Fair

As has been the case at many a Maine fair this year, the display of fruits, vegetables, jellies and jams canned by members of the girls' clubs attracted especial attention at the Pleasant Valley Grange fair at West Bethel. The prizes in that department amounted to $25, not including a special prize awarded to Doris Ordway of West Bethel, who had the largest individual display of canned goods, numbering 437 pints.

Grace Van Den Kerckhoven of Bethel was the winner of the first prize in the general contest. She is a daughter of A. Van Den Keckhoven, former county leader and now local leader, to whose efficient and enthusiastic work is due much for the success of boys' and girls' club work in Oxford county. His younger daughter, Lucia, five years of age, was also present at the fair, wearing the costume of a little canner and looking the part.

Esther Taylor, Marjorie Farwell, Dorothy Grover, Sylvia Grover, Margaret Hanscom and Grace Van Den Kerckhoven all wore white caps and aprons bearing the club insignia, and explained to visitors the process of cold-pack canning.

The other prize winners than those mentioned were ranked in this order: Marjorie Farwell, Mildred McGinnis, Doris Ordway, Dorothy Goodnow, Dorothy Grover, Sylvia Grover, Marion Skillings. Favorable mention was given Ruth Wheeler, Esther Tyler, Elsie Enman, Genie Saunders, Doris Goodnow, Margaret Hanscom, Alberta Stearns, Myrtle Beckler and Katherine Brown.

West Bethel Fair

The fifth agricultural fair of the West Bethel Grange was a success as was shown by the large crowd in attendance.

The exhibition in the hall showed many things of interest. The display of vegetables and fruits was better than last year. Of special interest was the display of antiques shown by A. B. Grover, Mrs. N. A. Stearns, Mrs. Freeland Bennett, Mrs. Mary Dunham and Fred Mundt. The patchwork quilt of 10,650 pieces made by Bessie A. Mills and owned by Mrs. Mary Dunham attracted much attention.

There were more booths than last year and all seemed to be doing a good business.

The ball game in the forenoon between West Paris and Andover proved to be an easy win for West Paris by a score of 7 to 0.

It took two halls and two orchestras to keep the dancers satisfied and both the Grange Hall and Bell's Hall were well patronized.

Dinner and supper were served by the Grange.

Through the courtesy of the Grange $25 in prizes were offered to the Bethel Canning Club and the local contest was held in conection with the fair. Miss Ellis came from Orono to do the judging. Great credit is due A. Van Den Kerckhoven for the interest he has taken in the canning club and for the showing made by the girls. Out of the twenty club members that started this season seventeen finished the season and made their exhibit.

A. Van Den Kerckhoven had a remarkable showing of canned goods and jellies. There were canned trout, tongue, chicken and all different fruits and vegetables, and jellies in all colors. He with his young lady assistants were kept busy answering questions as to how different things should be canned.

The horse pulling had only three entries for both classes. The hard gravel bottom of the road bed showed the true mettle of the horses and prevented any long hauls.

Horses pulling 2 lbs. of rock to 1 lb. of horses: John Westleigh, 2850, 57 1-2 feet. Ed York, 2975, 41 feet, 10 inches. M. A. Chapin, 2800, 30 feet. Sweepstakes: John Westleigh, 74 feet. Ed York, 32 feet, 8 inches. M. A. Chapin, 7 feet.

In either class Westleigh did not use up his five minutes, unhooking his horses at the end of three and one-half minutes

Among the exhibitors of farm produce were, Frank A. Brown, E. J. Stearns, Hazen Lowell, E. P. Grover and Son, Ira Hickford, Archie Hutchinson, Asa Howard, Seth L. Mason, Irene Morrill, J. C. Eagle.

Premium cattle were exhibited by E. J. Stearns, Thomas Westleigh, Herman Skillings, J. C. Eagle, swine by Fred Jordan, Fred Ordway, and the fancy work exhibitors were Irene Morrill. Marjorie Mason, Eliza Spinney, Flora McInnis, Mrs. Fred Tyler, Mary Dunham and Bertha Mundt.

A case of war relics from "overseas" was shown by Colonel H. R. Farris and J. V. Hunting.

Mrs. Carrie Smith and Mrs. J. V. Hunting sold ice cream and fruit punch on the stage, which was prettily arranged as an ice cream parlor.

A baby show was one of the forenoon attractions, there being several babies present. Frederick Hall took the first premium and Verna Maybury second.
